Property Description

An irreplaceable architectural masterpiece, Casa Elevada has been awarded at an international tropical architecture symposium, the X11 Bienal Internacional de Arquitectura. Victor Canas created a magical estate with Casa Elevada which brings together the modern style with the tropical rainforest and setting in a manner which will take your breath away. This gorgeous 7200 square foot home, offers a total of 6 bedrooms with 5 full and 2 half- baths. It provides spectacular views of the Pacific Ocean and Jungle - located just off Playitas Road to the wonderful main beach of Manuel Antonio (Playa Espadilla). This location creates an irreplaceable combination of panoramic ocean views, a sense of being tucked away in the canopy of the rainforest, and the convenience of having a short walk to the world famous beaches of the area along with the town of Manuel Antonio. This ultra-modern house is perched high on a private hill side and is only reached from the parking area via an inclined elevator (funicular) to afford the ultimate in privacy and natural beauty.
