Property Description

La Ponderosa is an exceptional estate located in Costa Rica's Central Valley, designed as an ultra-luxury residential compound where architecture, privacy, and advanced technology come together in a seamless way. Set on nearly 7 acres (28,000 m²) of fully private land, the property is surrounded by natural beauty and panoramic views, anchored by a main residence of approximately 900 m². The home stands out for its meticulous craftsmanship and globally sourced materials, combining fine hardwoods, natural stone, and custom finishes with cutting-edge systems that enable a fully automated and effortless living experience. The interior layout prioritizes both comfort and privacy. The ground floor features three primary suites, each designed as an independent retreat with access to gardens, terraces, and unique features such as marble soaking tubs or direct connection to wellness areas. Upstairs, a fourth primary suite offers expansive views of the valley, complemented by a flexible space that can function as a home office or additional suite.
