## Property Description

Located on Costa Rica's Central Pacific Coast, just a 25 minute flight or 3 hour drive from San Jose. The Quepos Marina District Hotel boasts 14 lovely rooms with air conditioning, cable television, mini fridge, telephone, swimming pool, tiki bar, digital safe, tour office and laundry services ALL conveniently located in the center of Quepos, Costa Rica. Voted the Best Value in Costa Rica by the Keating Leisure Associates. Years ago Quepos was a sleepy little port known for its banana plantations and small port. Since then much of the primary forest area was purchased to form Manuel Antonio National Park and which in turn was discovered by a small group of travelers from the United States. In the coming years the waters were discovered to be filled with Sailfish as well as other sportfish and Quepos became a jumping off point for adventurers headed to the unpenetrated jungle to the south. The historic wood homes of the banana company still overlook the port.
