Property Description

A truly magnificent “front row” property with large building areas and breathtaking white water views, located just a few minutes south of Dominical. Listen to the sounds of the surf, and watch whales play, right in front of this extraordinary three acre cliff-side property. Located high on a cliff, yet just 200 meters laterally from the surf, this is as close as you can get and still be on titled property. The view is unrivaled, with mesmerizing white water views of the crashing surf below, the Uvita “Whales tail” and marine park to the south, Cano Island sitting directly out front, and the lush rainforest canopy all around. Unlike most properties in the area, this one has two wheel drive access, which will make all aspects of your life in paradise so much easier. The long driveway, which ensures your privacy from the road below, takes you up an enormous, flat, building area that looks out over the ocean.
