Property Description

Costa Verde Estates is a private, gated community in Escaleras, Dominical, Southern Pacific Zone, Costa Rica. The project features large parcels with beautiful and unobstructed views, perfect for the home of your dreams. Each lot was designed especially to protect your privacy and is spacious enough for you to create your own personal paradise within the splendor of Costa Verde Estates. Committed to easy access and first-class infrastructure that includes road maintenance and complete, modern water and electrical systems supplying the entire community right to your property. The paved road to the development provides one of the quickest and smoothest entrances in Southern Pacific Zone. The wide internal road is lined by lush native and exotic plants. The project boasts an ocean-view recreational shelter for picnics and get-togethers, playground, private landscaping nursery and protected natural areas of native species.
