Property Description

Welcome to Casa Vista Verde! Located in the exclusive hills of Lagunas, and just minutes to the beaches of Dominical and Guapil, this offering is a two bedroom home and an additional fully titled lot ready to build with legal water! The properties are located down a quiet dead-end street with just a few other homes. Desend the long driveway and you arrive at the home, away from the quiet road and in the middle of your own private paradise. The two story home is set to one side nestled up against the jungle of the first lot leaving plenty of room for addition, a pool, gardens and more. The first floor provides outdoor living overlooking the expansive lawn, covered parking and two very large storage rooms with tall ceiling height and a half bathroom. They acted as a wood-craft shop but can easily be converted to offices, bedrooms, studios or whatever your needs require. Ascend the stairs to the main area of the home to the open air space that includes the large kitchen and room for both living and dining room areas with vaulted teak ceilings.
