## Property Description

Terrazas de Marbella condos at Los Sueños Resort are renowned for their excellence in condominium living. Nestled in the Altamira neighborhood above the Marina, these 3-bedroom, 3.5-bath condos boast spacious 3,550 square feet floor plans, featuring generous walk-in closets and open living areas. This particular ground-level condo provides convenient access from the parking area and a direct link to a pool shared with just three other properties. Ideal for families with pets, especially small dogs, it offers a private yard merging the charm of a garden with breathtaking views of Los Sueños Marina, Herradura Bay, and the Pacific Ocean. What sets this condo apart is the collaboration with an interior designer, resulting in a home exuding freshness, style, and warmth. The carefully chosen artwork and décor, complemented by a custom paint job, seamlessly capture the essence of the tropical surroundings.
