Property Description

Set on 15 acres (6 hectares) of pristine jungle and riverfront land, this rare private sanctuary offers complete seclusion, immersive nature, and a lifestyle defined by peace and self-sufficiency. Properties of this scale and privacy are increasingly scarce within the broader Nosara real estate market, making this an exceptional opportunity for buyers seeking long-term value and meaningful connection to the land. At the highest point of the property sits an organic-style 2-bedroom main residence, thoughtfully designed beneath a majestic Guanacaste tree. Curved walls, open living spaces, and a seamless indoor–outdoor flow create a home that feels both grounded and alive. A small pool captures cooling mountain breezes, while a solar power system supports a sustainable, independent lifestyle. Below the main residence, four charming jungle cabins are nestled near the river, surrounded by mature trees and constant birdsong.
